Medi-Cal To Increase Reimbursement Rates for Gloves

Starting October 1, 2020, Medi-Cal will increase the rate of reimbursement for non-sterile gloves due to rising manufacturing costs.

Via a September 23, 2020 Medi-Cal bulletin:

"Effective for dates of service on or after October 1, 2020, the Maximum Allowable Product Cost (MAPC) for HCPCS code A4927 (gloves, nonsterile, per 100) is increased from \$0.045 each to \$0.18 per each.

This change is due to recent significantly increased wholesale prices and may be updated in the near future. A notification will be provided for any further MAPC changes."
