Webinar: How to become a COVID-19 vaccinator

Dear provider,

Join us on Tuesday, July 6, 2021 for a webinar and presentation on how to become a COVID-19 vaccinator!

The presentation will include:

- The latest developments and requirements for administering vaccinations and becoming a certified vaccinator.
- A walkthrough on how to register as a vaccinator.
- An open discussion with HPSM providers who have become vaccinators.

Register here (link is case sensitive): bit.ly/HPSMvaccinator

Children ages 12+ can now receive the COVID-19 vaccine and soon eligibility will be expanded to younger ages. With that in mind, please register to become a vaccinator and help end the global health crisis.

Help ensure Californians under the age of 18 have the best possible opportunities for getting vaccinated as equitably, safely, and efficiently as possible.

Are you having trouble signing up or do you have any questions? Please contact Julian Aldana, Provider Communications Specialist, at julian.aldana@hpsm.org.

Thank you for your continued commitment to our community,
The Health Plan of San Mateo
