New Webpages for HPSM Providers

The Health Plan of San Mateo (HPSM) will begin offering dental services to members effective January 1, 2022. To welcome and accommodate new dental providers to the network, we've updated our website and divided our provider pages by medical and dental services.

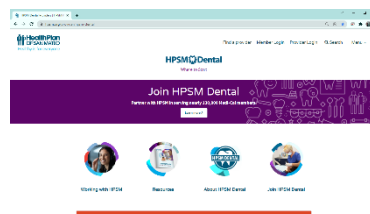

Please check out our new pages here:

HPSM homepage:
www.hpsm.org

Medical providers:
www.hpsm.org/provider

Dental providers:
www.hpsm.org/provider/hpsm-dental

Some pages are shared between medical and dental providers, while some resources are specific to provider type, so please be sure to review changes to the website carefully.

For questions, please contact the HPSM Provider Services department at PSInquiries@hpsm.org.

Thank you for your continued commitment to our community,
The Health Plan of San Mateo
