## Home Health Care Provider Training Follow Up

Last week on June 28, 2023, the Health Plan of San Mateo (HPSM) hosted representatives from five home health organizations at our offices in South San Francisco.

Together, we covered several topics, including:

- Sharing stories and experiences caring for HPSM members.
- The home health care process for requesting services.
- Reviewing case studies for home health care requests.
- CalAIM, CalEVV and other critical resources for home health care providers.
- And a presentation on in-home health assessments by partner Periscope 365.

**Review slides and notes from the meeting here: <https://www.hpsm.org/docs/default-source/provider-services/home-health/home-health-care-provider-training---post-event-slides.pdf>**

**Review handouts from the meeting here: <https://www.hpsm.org/docs/default-source/provider-services/home-health/20230628-hhc-in-person-training-handouts-packet.pdf>**

There was lots of enthusiasm for more opportunities like this to convene, so we will be following up in the coming weeks with next steps and additional points of collaboration.

In the meantime, please direct questions or ideas to HPSM Provider Services at [PSInquiries@hpsm.org](mailto:PSInquiries@hpsm.org).

Thank you for your continued commitment to our community,  
The Health Plan of San Mateo
