Learn More About Tobacco Cessation Resources on Our New Website

Dear providers,

The Health Plan of San Mateo (HPSM) has created a new microsite to help providers find resources related to tobacco cessation for members. You can find the site here:

<https://www.hpsm.org/provider/resources/tobacco-cessation-resources>

The website includes information on:

- How to identify tobacco users.
- Treating patients who use tobacco.
- Vulnerable populations.
- Continuing Medical Education (CME) credit opportunities.
- Other education resources for providers.

Please direct questions to HPSM Provider Services at PSInquiries@hpsm.org.

Thank you for your continued commitment to our community,

The Health Plan of San Mateo
