Pediatrics Urgent Care Now In HPSM Network

After Hour Pediatrics (AHP), a walk-in urgent care clinic for children and teens with Medi-Cal in the city of San Mateo, is also now part of HPSM's provider network. HPSM encourages pediatricians to tell the parents of their HPSM Medi-Cal patients that these new urgent care services are available for their children's care.

AHP is staffed by a team of clinicians that includes pediatricians, nurse practitioners and physician assistants with specialized training in pediatrics. Within one to two hours after an HPSM member's visit, the clinic faxes a visit summary to the member's PCP which includes lab results and follow-up suggestions.
