The next RA and claims payment date will be on April 4, 2019. If you have a question about a claim on this RA or a suspended claim, please contact HPSM's Claims Department at **650-616-2056**. Prior Authorization List Updates

The HPSM Prior Authorization Required List states which service codes do, and do not, require prior authorization. It is expected that all services requiring prior authorization must be authorized *prior* to providing the service, with the exception of services that might be necessary on an emergent or urgent basis. The list of codes requiring prior authorization is updated regularly to reflect current clinical guidelines and regulatory requirements. HPSM recommends that our providers visit our website for the most current Prior Authorization Required Services List. This list is available in both PDF and XLSX format, at <https://www.hpsm.org/Home/provider/authorizations>. Balance Billing is Prohibited

As a reminder, the CareAdvantage and Medi-Cal programs prohibit seeking compensation for covered services from members. This applies even when HPSM does not provide payment, or if HPSM were to become insolvent, be dissolved, or declare bankruptcy. Debts owed by the health plan for covered services may not be billed to a member. Per Section 51002 (a) of Title 22, CCR: "A provider of service under the Medi-Cal program shall not submit claims to or demand or otherwise collect reimbursement from a Medi-Cal beneficiary, or from other persons on behalf of the beneficiary, for any service included in the Medi-Cal program's scope of benefits in addition to a claim submitted to the Medi-Cal program for that service..." If you have any questions, please contact Provider Services at **650-616-2106** or psinquiries@hpsm.org

A Few Reasons to Sign up for EFT/ERA:

EFT is fast and secure: EFT electronically deposits money directly into your bank account. All you do is sign up once, and you never have to spend time sending signed checks to your bank again. The best benefit is that providers get paid much more quickly.

ERA saves time, money and trees: HPSM produces 5,000 pieces of paper each week for remittance advice detail. That is ten full reams of paper every week. Our secure web portal allows you to easily view electronic RA files on your computer anytime.

EFT and ERA improves compliance: HPSM must match paper checks to paper RAs to before sending. The intensive manual labor involved increases the risk that checks and RAs will be mismatched or mailed to the wrong address. As a result, we incorrectly mailed six checks in 2016. Using EFT and ERA eliminates such errors.
